

# Subject Learning Journey - Geography (Years 9-13)

Human Rights

13

Coursework

Climate Change

Future for Food

\* = Revisiting topics for recovery curriculum.

Global Migration

Earth's Life Support Systems

Spaces and Places

Coastal Landscapes

12

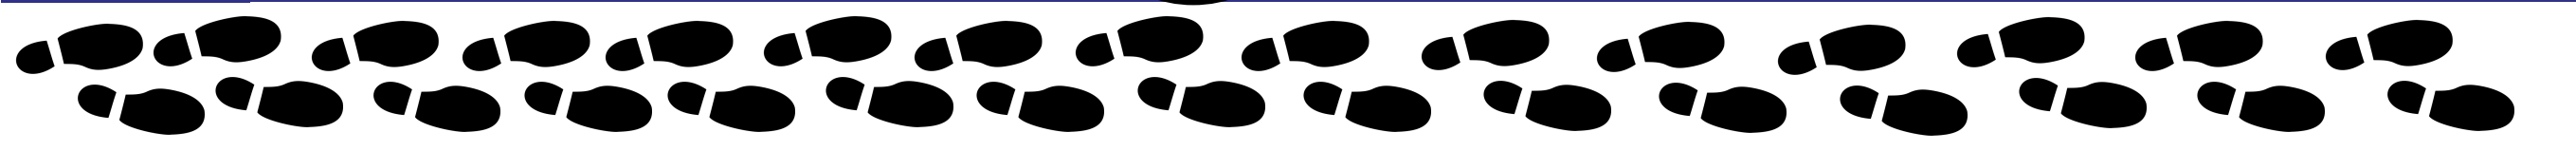

Global Environmental Challenges\*

Global Ecosystems\*

Global Development\*

Global Urban Challenges\*

Environmental Challenges\*

UK Urban Trends and Trade\*

Tropical Rainforests

Coral Reefs

Climate Change

Tropical Storms

Drought in Australia

11

UK Rivers and Coastal Landscapes \*

UK Population, Migration and Diversity \*

Global Ecosystems

Global Development

Global Urbanisation

UK Urban Trends

UK Trade

UK Industrial Change

Coastal Process, Landforms and Management

10

Extreme Weather in the UK

Energy in the UK

Diversity in the UK

UK Migration

UK Population

9

Plate Tectonics, Earthquakes and Volcanoes

Climate Change: Historic and Impacts on the UK now and in the Future

Physical Geography of the UK: Maps, Places, Geology and Geomorphic Processes

River Processes and Landforms

The River Tees
