

Subject Learning Journey - Geography

13

Independent Investigation
Water Systems and Water Security
How are the global spheres contested?
Superpowers
How is global development driven by geopolitics?
Carbon Systems and Energy Security
Does our reliance on fossil fuels mean that energy conflict is inevitable?
Identity and Sovereignty
What are the threats to national sovereignty in a more globalised world?
Synoptic Paper

Fieldwork -
3 day residential to Dorset, 1 day local

12

Shaping Places (Regeneration) - How and why do places vary and what are the needs and outcomes for regeneration?
Coastal Landscapes - How do coasts change and impact of human activity?
Globalisation - What are the impacts of the increasing interconnectedness of our world?
Tectonic Hazards - How does risk and vulnerability make managing tectonic events challenging?
Consuming Energy Resources - Can we manage energy resources and consumption more sustainably?
Forests Under Threat - How and why are the tropical rainforest and taiga forests under threat?
People and the Biosphere - How important is the biosphere to human existence?

10

Hazardous Earth - How do earth's natural processes function and how should we prepare for them?
Development Dynamics - How has India advanced in recent decades to become an emerging country?
Challenges of an Urbanising World - What are the causes and challenges of rapid urban change in Mumbai, India?
UK Evolving Physical Landscape - How do past and continuous processes shape our landscape?
UK Evolving Human Landscape - How are rural and urban landscapes changing and what will be impact be on our population?

11

Geographical Investigations (Fieldwork)
Human - How and why does the quality of life vary in Stratford?
Physical—How successful is the coastal management in Hastings?

Coasts - How do processes and humans influence the coastal landscape?

9

India & Mumbai - How have India and Mumbai developed?
Development - How can we improve the economy and lives of people?
Climate Change - How are humans influencing global climate?
Urban and Rural Living Spaces - How have UK living spaces changed?
Tropical Storms - How do humans cope with extreme weather?
Global Tourism - How is tourism a vital industry for the planet?
UK Rivers and Geology - How does the geology and rivers shape the landscape?
Urbanisation - How does Urbanisation affect quality of life around the world?
Biosphere & Rainforests - How are biomes under threat?
Resource Pressures - How does our use of energy and resources impact the environment?

7

UK and Local Culture - How does UK Culture Look today?!

Around the World - How do Cultures Differ around the World?

Weather and Climate - How does Weather and Climate Vary?

8

Population and Migration - How is the World's population dynamic?

Deserts - How are biomes under threat from human actions?

Polar Environments - How are biomes under threat?

Tectonics - How do humans cope with tectonic risks?
